RE: Jourdanton TxDOT Transportation Alternatives Grant Letter of Support

Dear City Manager Molina:

I/We, \_\_\_\_\_ is pleased to support the City of Jourdanton's Transportation Alternatives (TA) sidewalk project. The funding for this project will provide our community with the resources to build new, safer sidewalks and multi-modal shared paths through the community. Providing non-motorized transportation opportunities and accessible routes will also mitigate congestion and provide safe alternatives to motor vehicle transport while connecting schools, hospitals/medical clinics, libraries, and places of employment.

We are excited to hear that the City Council's project will create a network of accessible pedestrian sidewalks to include:

- Sidewalk eastbound on the south side of Highway 97 from Highway 16 to the end of Jourdanton city limits.
- Sidewalk southbound on the east side of Campbell Avenue from Highway 97 to Elm Street, connecting to sidewalk westbound on the north side of Elm Street to Zanderson Avenue

We enthusiastically support the City of Jourdanton TXDOT sidewalk application.

As active members of the community, we are positively committed to moving forward in improving the quality of life of our fellow citizens. This project will help us do just that.

We look forward to increasing safety and access for the children and residents in Jourdanton.

Sincerely,

Address: *ADDRESS OR LOCATION RELATIVE TO THE PROJECT*
